Store Closing Plan Defeated

Although no objections were made at the council meeting to the proposed Sunday and evening store closing ordinance which had been before the city board for several weeks, failure of the measure resulted in its being dropped last night.

Attorney Benjamin, representing a group of store clerks, again urged adoption of the ordinance, which he said is similar to one in effect at San Mateo, "and working well there."

But after prolonged discussion, the consensus of the councilmen appeared to be that if such a "blue law" is desired here, it should be sponsored by the local merchants themselves.

Failing to find enough support on the council even to get his ordinance introduced, Benjamin conceded failure "temporarily" but declared he may find support for the measure which will induce the councilmen to change their minds on the subject.

Other council business:

Decided to bring up again at the next meeting the possibility of buying Central School for city hall property. "The school is about ready to propose a bond issue for \$100,000 but the city would pay and this would kill two birds with one stone," Realtor Julius Smith explained in urging reconsideration of a previous refusal of the council to consider the proposition, recommended favorably by a council committee, that the city buy the property for a city hall, thus enabling the school to build new structures with proceeds of the sale.

Took under advisement for consideration at the next meeting the proposal that additional taxis be licensed to operate in Redwood City.

Decided, on suggestion of Councilman Fletcher, to have him and Councilman Eva call on Engineer Skeggs of the state highway division to see if manually operated signals could be obtained for the El Camino Real-James Avenue intersection. Also decided to have pedestrian lanes painted there. The action came after City Manager Dimmitt said the commission had refused permission for signals to be placed at the Jefferson Avenue-El Camino Real corner.

Voiced informal approval "when practical" of a proposed recreation program, as outlined by Director Alfred Morton and favored by the advisory recreation commission, contemplating employing by the school of a physical education director for the grammar schools; establishment of a recreation center; holding of an annual cross-country run; sponsoring of a marathon race; conducting year-round dancing classes; and promoting an annual Redwood City Harbor swim. The council also agreed informally with Councilman Eva, recreation committee for the board, that Director Morton was "doing a high class piece of work."

Dr. Samuel Johnson, great 18th century author and critic, when asked if many men could have written MacPherson's "Ossian," replied: "Yes, many men, many women, and many children."

The saying, "For want of a nail the shoe was lost," etc., usually ascribed to Benjamin Franklin, was in print a hundred years before his time.

Western Auto Shows Radios

Attracted by such features as push button tuning, sloping panel and specially designed acoustic chamber, this couple is evincing great interest in Western Auto's 1938 Western Air Patrol radios. Said to offer the greatest radio values in the West, this entire line of radios is now on display at the local Western Auto Store and the manager invites residents to see and hear these new sets, believing they will be amazed at the low prices at which latest radio improvements can be purchased.

MENLO PARK NEWS NOTES

Menlo Park Parlor, Native Daughters of the Golden West, entertained Tuesday evening in honor of the official visit of Grand President E. L. Begley of San Rafael.

With a representation of 15 parlor and 10 grand officers, over 100 members of the order were present in the largest gathering Menlo parlor has had since its inception 20 years ago.

The lodge ballroom was gaily decorated with baskets of red berries and chrysanthemums, while the banquet hall was decorated with chrysanthemums. Tables held miniature turkeys.

The officers presented a pretty picture in pastel formal gowns. Mrs. Louise Murray presided over the meeting in a capable manner. Mrs. Marie Maloney and Miss Victorine Boetti were initiated into the organization.

Grand officers attending were presented with gifts, and additional gifts were made to Mrs. Catherine Derry and Mrs. Mary Fisher of Menlo parlor.

A chicken supper was served, after which a social hour was enjoyed by all.

A food sale will be held by alumni of St. Joseph's School next Tuesday in the bank building at El Camino Real and Santa Cruz Avenue, Menlo Park. Items suitable for Thanksgiving will be featured.

Mr. and Mrs. R. R. Sutton entertained a few Menlo Junior College students at dinner Saturday night at a birthday anniversary party for Mrs. Sutton's brother, Floyd Averill.

The second annual Christmas candlelight tea to be given under auspices of the Catholic Women's Literary Guild as a benefit for the sisters of Corpus Christi Monastery, Menlo Park, will take place Friday afternoon, December 10, in the parish hall of the Church of the Nativity, just across the street from the monastery.

Articles made by the sisters and the ladies — home-made jellies, jams, Christmas cakes and candies — will be on sale. A beautiful knitted sofa afghan has been donated by Mrs. W. W. Leggett of San Jose.

Featured attraction for the afternoon will be the boy's vested choir of 40 voices from St. James' School, San Francisco. Their recent appearance in San Francisco with Brother Leo is a guarantee of excellence. Admission will be a silver offering or groceries for the monastery.

A pretty wedding will take place December 20 in the Church of the Nativity when Miss Fritzie

WHAT ABOUT COUNTY TAXES? City Resident Thinks Value Not Received INSIDE SHARE HELD UNEQUAL

Does the city resident get as much out of his county tax dollar as the rural resident?

This fine question obviously difficult of solution, came in for considerable discussion at the Redwood City City Council meeting Monday night after Julius Smith, local realtor, had raised it and suggested that a study be made of it.

Smith indicated that the question had been prompted by a statement appearing in last night's Tribune attributed to District Attorney Gilbert D. Ferrell in which the attorney, in discussing why he didn't believe he or Sheriff James J. McGrath should attempt to suppress gambling within cities, said:

"It would not be right to expect the county taxpayers to shoulder the financial burden of policing the cities."

"Why," exclaimed Smith, "residents in the 13 cities in the county pay the bulk of the taxes, and what we receive for our tax dollar is all out of proportion."

"The ordinary relationship of county taxes to city taxes should be about 40 per cent."

"It seems to me in San Mateo county the county taxes are running dollar for dollar with city taxes and in some cases two or three times as much."

"Just what we get for our taxes few people know."

"I believe that the amount of taxes paid in the cities to the county is 'way out of proportion.'"

He suggested that the council undertake a study both of value received by cities for their county tax dollar, and of whether or not county assessments were equal between the city and rural tax property.

ASSESSMENTS 'UNEQUAL'
In reply to a question, Smith asserted that he believed property inside and outside cities is assessed disproportionately.

Considerable discussion followed Smith's surprise suggestion, with it being decided eventually to bring the matter up again at the December 6 meeting. In the meantime, councilmen in other San Mateo county cities will be approached at a League of Municipalities meeting tomorrow night in Sunnyvale to see if they would join in a county-wide study, it was decided.

In the discussion which followed Smith's presentation, a number of points were brought out.

Mayor Paul A. McCarthy questioned the possibility of such a study bringing results.

HELP RURAL AREAS
He said that an investigation would be fruitful, I would be glad to appoint a committee for the study," he declared.

He added that one reason cities paid more in proportion than rural areas is that the cities must sustain the rural areas in a number of ways. Particularly in the case of utilities. Power firms admit, he said, that they operate at a loss in rural areas because they make a profit in cities.

The federal government, he added, takes much more in income taxes from San Francisco residents, for example, than they probably do for all of central California, yet they spend considerable more in the outside areas. A similar condition exists with respect to the state, he added.

EVA MAKES OWN STUDY
Councilman James M. Eva revealed that he had been considering the question independently. "In fact, I've already been down to the courthouse about it."

"As a taxpayer, I'm personally going into it," he declared. "I pay more county taxes than city taxes. I question whether I get value received out of county taxes, as I do out of city taxes."

Councilman William Hohn pointed out that in Redwood City the county raises some 30 per cent more in taxes than does the city. "In San Mateo, I think it's about 60 per cent," he added.

Mayor McCarthy interjected the thought that Redwood City actually had but little or no complaint due to the fact that it was the county seat and as such received more from the county government than other cities.

But other councilmen pointed

New Auto Easy to Enter

Exceptionally wide doors, together with floors that are only slightly above running board, make the new 1938 Chrysler unusually easy to enter and leave, according to H. E. Dearborn, Chrysler-Plymouth dealer here.

Greyhound Wins Safety Trophy

Competing with bus companies throughout the United States, Pacific Greyhound Lines is again winner of the highest awards offered by the National Safety Council. Pictured above is one of Greyhound's dependable expert drivers standing beside the coveted award, holding a model of the famous "Greyhound Cruiser."

Rum Charges Face Elderly Rancher

Victor Fracchioni, 71-year-old rancher, was at liberty on \$2000 bond today following his arrest late Monday by state agents who said they found 30 gallons of untaxed home-made liquor at his residence west of Redwood City on Summit drive.

State agents placed two charges against Fracchioni, both alleging violations of the state alcoholic beverage control act. One of the charges is a felony, the other a misdemeanor.

Fracchioni will be arraigned in Judge Edward I. McAnuliffe's court Friday.

Three agents raided Fracchioni's home and found the liquor in kegs, bottles and vats on the premises.

Massachusetts has extended absentee voting to mariners and persons engaged in fishing.

Thousands of motorists and residents were intrigued by the startling brilliance of the fire and caused a traffic jam on Bayshore highway as well as overloading telephone calls with inquiries about the blaze.

The Hansen Dairy, located a mile north of Brisbane, is one of the largest in San Mateo County.

None of the more than 500 head of cattle at the dairy was harmed.

Burke on Carpet Over S. M. Gaming

Chief of Police Thomas F. Burke of San Mateo must make an official report to his city council next week on the gambling situation of that city. Such were the definite instructions given him Monday at a caucus meeting, following the regular council meeting.

"The contention of Atty. Gen. U. S. Webb that gambling is being carried on in the city in violation of state law was discussed," said Mayor Frank P. Simmen today.

"Chief Burke was present at this meeting and he was instructed to ascertain where these violations were occurring and was ordered to report back to the council within one week."

The Iowa College of Agriculture at Ames has more than 5000 students.

New Uniforms To Cost \$1000

Redwood City's new municipal band will "go first class or not at all," according to a warning voiced by Dr. R. Lee Otis, dynamic director, at a band meeting Tuesday night.

Dr. Otis announced plans to outfit the band in a thousand dollars' worth of resplendent maroon uniforms, but told the musicians that they must assure the success of the band's dance November 27 to pay for them.

One of the full appearances of the band in full regalia will be on January 1 before 60,000 spectators in Kezar Stadium at the Shrine East-West game, Dr. Otis said.

"We will be one of the best uniformed bodies on the field," Dr. Otis promised, "and Redwood City will be proud of us."

The type of uniform submitted for approval here consists of a maroon coat trimmed with gold braid and a black Sam Brown belt. Trousers are tan with a red and gold stripe. The outfit is topped by a maroon military cap with a jaunty brush.

"Redwood City needs a band," Dr. Otis said he believes, "but without the full support of the people in Redwood City and the surrounding area, we cannot hope to succeed. Our dance on November 27 is for the purpose of raising funds to buy uniforms and needed instruments. Once we are established, we will be self-supporting."

He ordered special rehearsal Friday night to drill his 35 men in the art of marching.

John Archibald was named head of a committee of ticket-sellers last night to increase the advance sale of admissions to the dance.

Frank Falk, assistant band manager, revealed that 300 tickets have been sold.

Newspapers Gain Airlines Business

United Air Lines will materially increase its use of newspaper advertising space during 1938, according to announcement of S. A. Stimpson, district traffic manager, upon his return by mail from the company's annual executive conference in Chicago.

United will carry approximately 250,000 passengers this year as contrasted with 5000 10 years ago when its first newspaper advertising was undertaken, Stimpson said.

Those attending the conference gave unqualified approval to the company's new safety features in operations procedure, including guaranteed salary to pilots, new higher minimum altitudes of flight over the entire system, installation of anti-static radio devices, and the use of only 50 per cent of available power for the cruising of planes.

The expression, "blind as a bat," is a misnomer. All bats have eyes and in some species they are well developed.

BUT NOT FOR OUTPUT OF MILK!

When Homer smote his lyre he sang of milk.

Yet in the past year the output of bottles for beer, liquors, sodas and other drinks has increased about 400 per cent in the United States, and the output of milk bottles has shown no increase at all.

"Milk is babies' food," some men say. History records differently, proves it the food of fighting men.

The fierce horsemen of Genghis Khan who swept Asia under their hoof-beats and pushed through to the walls of middle Europe were milk drinkers.

So were the Arabs, those lean hawks of the desert, who served as the spearhead of the Saracens and hamstringed four Crusades.

Today in our own country, milk

is on the training tables of famous athletic teams.

A quart of milk has almost as much energy value as a pound of steak, and about twice as much as a pound of chicken.

Values Bared

That the people of San Mateo county fail to realize the value of this county's forests was the contention of Fire Warden Bert L. Werder as he spoke at San Mateo Junior College Tuesday evening.

Werder spoke highly of the work done by the Civilian Conservation Corps, which has done much conservation work at great saving to San Mateo county as well to furnish a fine fire-fighting force, he said.

Werder said forests were important for their soil and water conservation properties, preservation of game and fish and their value as recreational centers.

Werder was talking before the junior college forum, which meets weekly. He also detailed modern fire-fighting methods.

Said sale will be made of all of said land or any part thereof, at the discretion of the executors, on or after the 6th day of December, 1937, at 10 o'clock A.M., at the banking office of said The Bank of California, National Association, at No. 400 California Street, San Francisco, California, on the following terms: Ten (10) per cent of the purchase price shall accompany the bid, and the balance of the purchase price shall be payable within thirty (30) days after the date of confirmation of sale by the court.

Signs Ordered Installed Soon

EAST PALO ALTO, Nov. 15.—No longer will Bayshore highway motorists be able to pass up this community at speeds ranging up to 45 miles per hour.

Henceforth, following installation in the near future of 25-mile speed limit signs, drivers will have to be wary.

This was learned today as J. H. Stubbs of East Palo Alto received word from J. W. Johnson, California State Automobile Association engineer, that Colonel J. H. Skeggs, head of the local highway district, had authorized the A. A. A. to put up the speed limit signs.

E. Raymond Cato, chief of the California Highway Patrol, declared he would "educate" people into observance of the new speed limit, even "if I have to put a man on duty in East Palo Alto every day of the month."

The move followed many months' agitation by local citizens to install the speed limit on this thickly populated business section of the Bayshore.

It is expected the limit will extend from Menalito to Cooley avenues, Stubbs said.

Municipal park acreage in 655 of the larger cities of the United States increased 49 per cent between 1925 and 1935.

A Three Days' Cough Is Your Danger Signal

No matter how many medicines you have tried for your cough, chest cold, or bronchial irritation, you can get relief now with Creomulsion. Serious trouble may be brewing and you cannot afford to take a chance with any remedy less potent than Creomulsion, which goes right to the seat of the trouble and aids nature to soothe and heal the inflamed mucous membrane and to loosen and expel the germ-laden phlegm. Even if other remedies have failed, don't be discouraged, try Creomulsion. Your druggist is authorized to refund your money if you are not thoroughly satisfied with the benefits obtained from the very first bottle. Creomulsion is one word—not two, and it has no hyphen in it. Ask for it plainly, see that the name on the bottle is Creomulsion, and you'll get the genuine product and the relief you want. (Adv.)

Three Scarlet Fever Cases Found in Area

Two cases of scarlet fever in North Palo Alto and another in Menlo Park were reported today by the county health department. Five cases of whooping cough were listed in Daly City. A case of mumps was reported in Redwood City.

SUPPORT FOR OBSERVANCE OF WEEK URGED BY MAYOR

Support for observance of National Milk Week was urged here by Mayor Paul A. McCarthy of Redwood City, who pointed out that beneficial results would accrue both to consumers and to producers if the use of milk is increased. "The first food used is milk. The last food used is milk," Mayor McCarthy declared. "This alone is ample proof that pure milk should be drunk by everyone, not only the new-born and the elderly, but by all children and adults. "Milk, recognized as a cure for stomach ailments, is stimulating and nourishing, but is not fattening. "Used alone, or in cooking and

DEATH FOR MILLIGAN FAVORED AT FIRST BY FIVE ON JURY

Life to 'Begin at 60' Behind San Quentin Bars for Grizzled Poet Slayer

"Life begins at 60." That's what Michael L. Milligan said when the jury of 9 women and 3 men sent him behind the bars of the state prison for the rest of his natural life at 3:17 p.m. Tuesday.

Milligan, the consummate actor, was determined to prove that he could "take it." The only further legal course left to him was a motion for a new trial, and there was no indication but that Milligan would take his life sentence and be content.

Perhaps he was thankful that they didn't hang him, for it was apparent that the only reason the jury asked a ruling from Judge Maxwell McNutt on Milligan's eligibility to parole under life sentence was fear that he would escape with easy punishment.

Jury Foreman Edwin Michelsen,

Hendricks' Trial Set January 18th

W. W. Hendricks Jr., charged with negligent homicide as the result of a fatal Bayshore highway automobile accident, will be tried January 18 and 19 in Judge A. R. Cotton's court. Date for trial was set late Monday.

Robert Sanchez, previously found guilty on a charge of molesting a minor, moved for probation. Hearing on the petition was set for Thursday.

Winfield J. Randhahn, charged with an attempted burglary, changed his plea to guilty and moved for probation. Hearing was set for November 29.

J. P. Tomlinson, who pleaded guilty to a bad check charge, was admitted to two years probation providing restitution is made and the defendant serves six months in the county jail. Judge Cotton allowed Tomlinson credit for the 41 days served since his arrest.

Burlingame meat cutter, answered only one question before he sealed his lips.

"Was the jury divided on first and second degree murder?" he was asked.

"No, that wasn't it," he replied, refusing to enlarge on his remark. Only other point which could have split the jury for three hours was whether Milligan should hang or get life.

And one juror consented to talk enough today to reveal that that was exactly the question

The "W. H." to whom Shakespeare's "Sonnets" were dedicated by a pirate publisher in 1609 has never been satisfactorily identified.

Ben Jonson, Elizabethan dramatist and poet, killed a man in a duel and had a "T" for Tyburn branded on his hand.

which caused them to deliberate three hours.

The juror said that on the first ballot, taken before they went to lunch, five of the jurors voted to send Milligan to the gallows and seven voted to find him guilty but recommend life imprisonment.

Immediately after lunch, one more juror voted for life imprisonment, it was disclosed.

But the other four stuck for hanging until finally, on about the eleventh ballot, the jurors all agreed on the life term recommendation.

While the jurors would not disclose who were in favor of death for the slayer, they freely said they never doubted Milligan's guilt.

Had death been decreed for Milligan, he would have been hanged, instead of executed in the new lethal gas chamber, because his crime was committed before the gas chamber law was passed.

Attorneys were inclined to view the outcome of the case as a victory for Percy W. Jackson, appointed by the court to the task of defending the man charged with the crime of murdering Mrs. Mary Camilla Smith in South San Francisco June 8, 1936.

Red Cross Drive Off to Good Start

Almost before it started, the roll call total of Redwood City Chapter, American Red Cross, was boosted to \$250 by two memberships, it was announced here by Chairman Wayne R. Millington.

The San Mateo County Breeder's Association, operator of Baden Track, tripled its 1936 membership to give \$150, while the City of Redwood City upped its former \$75 figure to \$100.

Meanwhile, a door-to-door canvass of the city is being conducted by chairmen of various civic or-

ganizations, service clubs and other groups.

Citizens who are missed by personal callers may take advantage of service established at the Redwood City Tribune, both branches of the Bank of America, the First National Bank and the American Trust Company.

Memberships are \$1, \$5, \$10 and \$25, each to include active voting power in the organization.

Retired Dentist Dies in Menlo Park

MENLO PARK, Nov. 15—Dr. G. R. Langer, 61, retired dentist, died just before midnight last night in his Menlo Park home. After many years as a practicing dentist in San Francisco, Dr. Langer retired 10 years ago because of ill health and moved to Menlo Park a few months ago.

He was a native of New York and a graduate of the San Francisco College of Dentistry.

Dr. Langer was survived by his son, Leo E. Langer of Menlo Park, and a brother, Charles W. Langer of Vallejo. His wife, the late Mae E. Langer, died two years ago.

Jockey Pushes Hearing Move

Despite reports that the California horse racing board had reinstated Donald Lyons, jockey accused of using a "buzzer" at Bay Meadows, Lyons will demand a hearing to clear his name.

According to M. J. Dooley, attorney for the suspended jockey, Lyons has received no notification of his reinstatement. Dooley admitted that the original suspension was only for the duration of the Bay Meadows meeting, which ended Saturday.

Preparations Made For Trials of Two

Dist. Atty. Ferrell Wednesday filed information against Joe Baker and Guido Grasso, preparatory to their trials in the superior court.

Baker, a San Francisco youth, is charged with stealing an automobile owned by Howard Slinger, East Palo Alto garageman. He was held to answer in a preliminary hearing in Judge Edward J. McCauliffe's court. Merle Durgeloh and Norman Slocum, charged with participation in the same crime, were not held.

Grasso was arrested October 7 for running a still at 231 Arlington road. He waived his preliminary hearing.

ed Saturday, but said he would strongly recommend that the youth go ahead with the hearing.

On Monday Lyons was granted an alternate writ of mandate by Judge Maxwell McNutt, returnable November 22, forcing the horse racing board to conduct a hearing in San Mateo county or show cause why such hearing would not be held.

San Franciscan Named 'Y' Head For Peninsula

Norman Nevraumont of San Francisco was announced here by Andrew Spinas, Redwood City, chairman for the San Mateo county committee on management of Young Men's Christian Association activities, as the new director of county "Y" organizations.

Nevraumont, who will supervise all "Y" boys' clubs in the county, will spend each Saturday in Redwood City until the first of the year, when he will come to the county as a full-time worker, to be assisted by another man. Until then, he will divide his time between San Francisco and the various parts of San Mateo county.

His previous experience includes direction of boys' club activities in the "Y" in the Park Presidio and Sunset districts in San Francisco and work in the boys' camps during the past two summers—at Camp McCoy, Pinecrest, and at Camp Wasilla near La Honda. He attended the University of California College of Agriculture at Davis.

First of the activities here under Nevraumont's direction will be a general "Y" boys' club swim meet to be held at Sequoia High School between 10 and 11 a. m. next Saturday.

GET UP NIGHTS? FLUSH KIDNEYS WITH JUNIOR OIL. Junior oil, buchu leaves, etc. Make this simple and if passage is scanty, irregular, smart or burrs, have frequent desire, get up nights or if kidneys are sluggish causing backache, into little green tablets called BUKETS to flush the kidneys, just as you would use castor oil to flush the bowels. Help nature eliminate troublesome waste and excess acids. Ask any druggist for the test box of BUKETS. Locally at Young Drug Co.

CHILDREN'S BOOK WEEK BEING OBSERVED AT LOCAL LIBRARY

National Children's Book Week is being observed at the Redwood City Public Library all of this week with a feast of new books on display in the boys' and girls' room.

There are books lovely in format, diverse in subject matter, and reflecting the changes in the world of young people. A variety of volumes for all ages will be found, according to Miss Wilhelmina Harper, librarian.

The 1937 book week theme is "Reading, The Magic Highway," to be followed in youth and on into adult years as a continuing adventure in understanding and in enriched experience. This year the literature of imagination rather than factual material is being emphasized.

All adults interested in boys' and girls' reading, as well as all young people, are invited to visit the room this week. Visitors are always welcome and they will find the library staff ready to advise in all matters pertaining to books and book selection.

The boys' and girls' room is open daily from 12 to 1, afternoons from 3 to 6, and from 10 to 5 on Saturdays.

One of the favorite dance rhythms in Germany would be called a march in America.

CHINESE HERBS...**

Here Are Proofs

**CHRONIC
COUGH**

SUFFERER COMPLETELY WELL.

Tacoma, Wash., April 2, 1936.
Yee & Ko Herb Co.
Gentlemen: I am writing to you to let
you know that I have used your herbs
for congestion of my lungs and a chronic
cough that I had for four or five years,
and, after using your herbs for three
weeks, my lungs were cleansed out and
my old cough is gone. I am sure happy
to know that your herbs will do positive-
ly what you claim for them. I have had
three doctors, one x-ray and electric
treatments, and they did me no good,
and all kinds of medicine.
And in closing I wish to say that any-
one doubting what I have written about
can call at my house at any time and I
will explain to you personally what these
herbs of Yee & Ko have done for me.

**BLADDER
TROUBLE QUICKLY RELIEVED**

Yee & Ko Herb Co.
Dear Sirs: I suffered untold agony
with an acid urine condition for several
months. I tried other remedies to no
avail, but after giving your herb treat-
ment a few trials, my urine has become
normal. They have been wonderful in
relieving my system of this very painful
disorder.
Am trusting my testimonial will aid
others in letting you aid them as you
have aided me.
(Signed) Sincerely,
MRS. LOIS WALSWORTH,

YEE & KO HERB CO.
Dear Sirs: I want to thank you for curing
my hands of eczema. After suffering
for 35 years with cracked, bleeding hands
and waking up in the night with terrible
itching hands, it's no wonder I am thank-
ful to you.
I have tried doctor after doctor, every-
thing advertised for eczema in paper; in
fact, I tried everything. And after the
first three doses of your medicine I could
see my hands get better. After about five
weeks of your medicine, my hands are
entirely well and haven't any sign of it
coming back. Yours truly,
(Signed) MRS. M. BABCOCK,

QUICKLY RECOVERED**

Tacoma, Wash.
June 2, 1936.
Yee & Ko Herb Co.
Dear Sirs: I am writing this letter to
tell you how much your herbs have
helped me.
I have been suffering from Bleeding
Bowels and was continuously passing
blood for quite a while. I have tried
many other medicines, which did not
help me.
Finally I took my neighbor's advice to
come to you. After taking the first two
doses of your herbs I noticed that my
passing blood gradually reduced, and
after I had finished my week's treatment,
I was completely recovered from my ail-
ment.
I am writing this to testify the bene-
fit which I received from your medicine,
and now I gladly recommend Yee & Ko
herbs to anyone who suffers.
Yours truly,
CHARLES WUERCH,

'Perfect Food' Now Necessity

In the crowded calendar of national this-and-that weeks, November 14 to 20 should be printed in white letters. For this is National Milk Week, calling attention to man's "most nearly perfect food" from coast to coast and from cow to consumer.

Dairy organizations representing all branches of the industry who are sponsors of the drive to make the public more milk-conscious point out that their product merits a national week to an unrivaled degree.

There is nothing regional or seasonal about milk consumption. It reaches the doorsteps of the nation seven times a week throughout the year and the milkman is supposed to be immune to weather. The American system of daily doorstep

delivery is one of the reasons that milk is the largest single source of cash income to the American farmer.

WOULD AID FARMERS

The primary objective of National Milk Week is to start people drinking milk who haven't been drinking it and to encourage existing consumers to take an extra glass daily. Of the six million farmers in the United States, around three million derive a considerable part of their income from milk production.

An increase in the per capita consumption of milk would do more than any other single act to boost the farmers' incomes and bring a decided upward swing to national wealth and farm purchasing power.

Milk's relation to public health is also vital, a fact emphasized by National Milk Week programs throughout the country. From an educational viewpoint, National Milk Week will be utilized to give wider circulation to the recent discoveries of scientists on the im-

portance of milk in the daily diet for people of all ages.

Dr. Charles C. Gans, director of health for San Mateo County, states:

INVESTMENT IN HEALTH
"Milk drinking is an investment in good health. Almost everyone—adult and adolescent alike—could profitably drink more milk. I am glad to see that the fluid milk industry—producers and distributors alike—are attempting to make the American public more aware of milk's value as a food. If the industry continues to sponsor these campaigns of health education annually, I think that much good will result."

Milk as a source of energy, of body-building and blood-building minerals, and of indispensable vitamins, will be extolled in radio talks, in interviews with health officials and medical authorities, in public school programs and at meetings of clubwomen and businessmen.

Another development emphasized is the between-meals milk service

S. F. Salesman Faces Second Local Charge

Robert G. Conrad, 22, San Francisco salesman arrested by Redwood City police Monday night on charges of drunken driving, has had a second charge against him, that of possessing indecent pictures and books.

He will plead tomorrow afternoon in the Redwood City court of Judge Edward I. McAuliffe on both complaints filed by Redwood City police. He is being held in the county jail in lieu of \$500 bail.

The photographs and pictures were confiscated following Conrad's arrest on the driving charge.

Both Irvin S. Cobb and Humphrey Cobb wrote books entitled "Paths of Glory."

Emergency rations of corned beef and hardtack are part of the standard equipment of every U. S. marine.

Toastmasters Name Contest Speakers

Eight members of the Redwood City Toastmasters' Club were selected by the organization Monday night to try out for competition in the oratorical contest to be held between Palo Alto, Burlingame and Redwood City clubs.

From the eight, who will speak at the regular club meeting two weeks hence, the membership will elect five to represent the club in the contest.

The eight selected last night, chosen from a group of 11 nominated by Robert Gros, critic, include Harold F. Anderson, Donald L. Eogle, Louis B. Dematteis, Duncan Reynard, Fred Schmitz, Kenneth L. Bowen, W. Earl Whitaker and Louis A. McAtee.

Emergency rations of corned beef and hardtack are part of the standard equipment of every U. S. marine.

Practical joking is a misdemeanor in Japan, liable to 20 days in jail or a fine.

The civil population of the Panama Canal Zone is 29,190, of whom 18,417 are Americans.

The rain crow really is a cuckoo. Suki yaki is a national dish in Japan.

THIS IS NATIONAL MILK WEEK

The milk dealers of San Mateo county are co-operating this week in an effort to bring to your attention the importance of milk in the diet of young and old. Health officials throughout the county join these progressive dealers in observance of this program.

San Mateo county residents are fortunate in having a supply of milk that is of exceptional quality and always carefully safeguarded.
